Sven,

Attached are our factsheets, topics listed below. Note that we did not merging the numbering between the two different sets. In the interest of time, we created a brief formaldehyde factsheet separate from ORD's which we shared with them this morning, and suggest the two link to each other via a note at the bottom of each. Please let us know if you have any questions.

**Subject:** ACTION: Budget Hearing Program Fact Sheets - DUE TUESDAY 3/19

OCSPP Team,

OCIR and OCFO are coordinating on the preparation for the annual budget hearings for the Administrator, and we have compiled a list of all the program fact sheets, listed for each AAship, that we will need for the Administrator's briefing binder (see attached Word file). The list is based on the Administrator's January confirmation hearing binder and incorporates topics that we produced previously for the FY19 budget briefing binder (highlighted in yellow).

Also attached are zip files containing both the FY19 budget fact sheets and the January confirmation hearing fact sheets to reference and update the appropriate papers with current info. Note that the topics in ~~strikeout~~ were identified by OCIR management as no longer necessary to include, and those that we know for certain need to be updated are in red. If you have additional fact sheets that your office believes should be added, please send a list of those additional topics ASAP. Please ensure that any additional proposed topics for the briefing book are cleared at the AA-level.

**Please submit the updated or new fact sheets to me no later than 4 pm Tues, March 19.** I encourage you to submit the fact sheets on a rolling basis (e.g. those that do not require updates) so that we can begin our review in order to finalize for the Administrator's briefing binder. He will likely have additional questions or requests for updated fact sheets once he reviews the first iteration.

Thanks in advance for helping with this effort! Please let me know if any questions,  
Sven
